ABOUT ME

Perseverance and determination are my strongest qualities. I'm not afraid of challenges and I'm focused on problem-solving. I'm a web developer prepared to contribute to solving the needs of the company with interactive, user-friendly, and responsive websites with Javascript and React JS. I'm very excited to be part of a web developers' team to deliver efficient web solutions.

EXPERIENCE

JAN 2021 -

FRONTEND PROJECTS

Since January 2022 I've built amazing projects focused on Frontend Web Development with Javascript Vanilla, React, and React Native. You can find each project in my modern portfolio and you could see the code, technologies I've used, and its website to see a demo. [See Portfolio](#)

NOV 2020
- PRESENT

E-COMMERCE FORSTORE

Since 2020 I've dedicated myself to ecommerce using Facebooks Ads with Meta Business Suite, selling tech accessories imported from Alibaba.com. For the posts, I've been using Adobe Photoshop.

AUG 2019-
AUG 2020

INVENTORY SUPERVISOR PATUCEL S.A. DE C.V.

Inventory project from scratch. I planned the barcode logic with a formal billing system. More than 8000 different tech products were added to the system. Also, I prepared the monthly inventory plan in the stores using the company software.

JAN 2019-
JUL 2019

CUSTOMER SERVICE AGENT INDUSTRIAL DE ALIMENTOS Y POSTRES S.A. DE C.V.

Customer Service Agent, my main activities were maintaining constant communication with a client's portfolio to offer water in trucks and planning the logistics to offer the service on time.
